

DNP
Photo Imaging

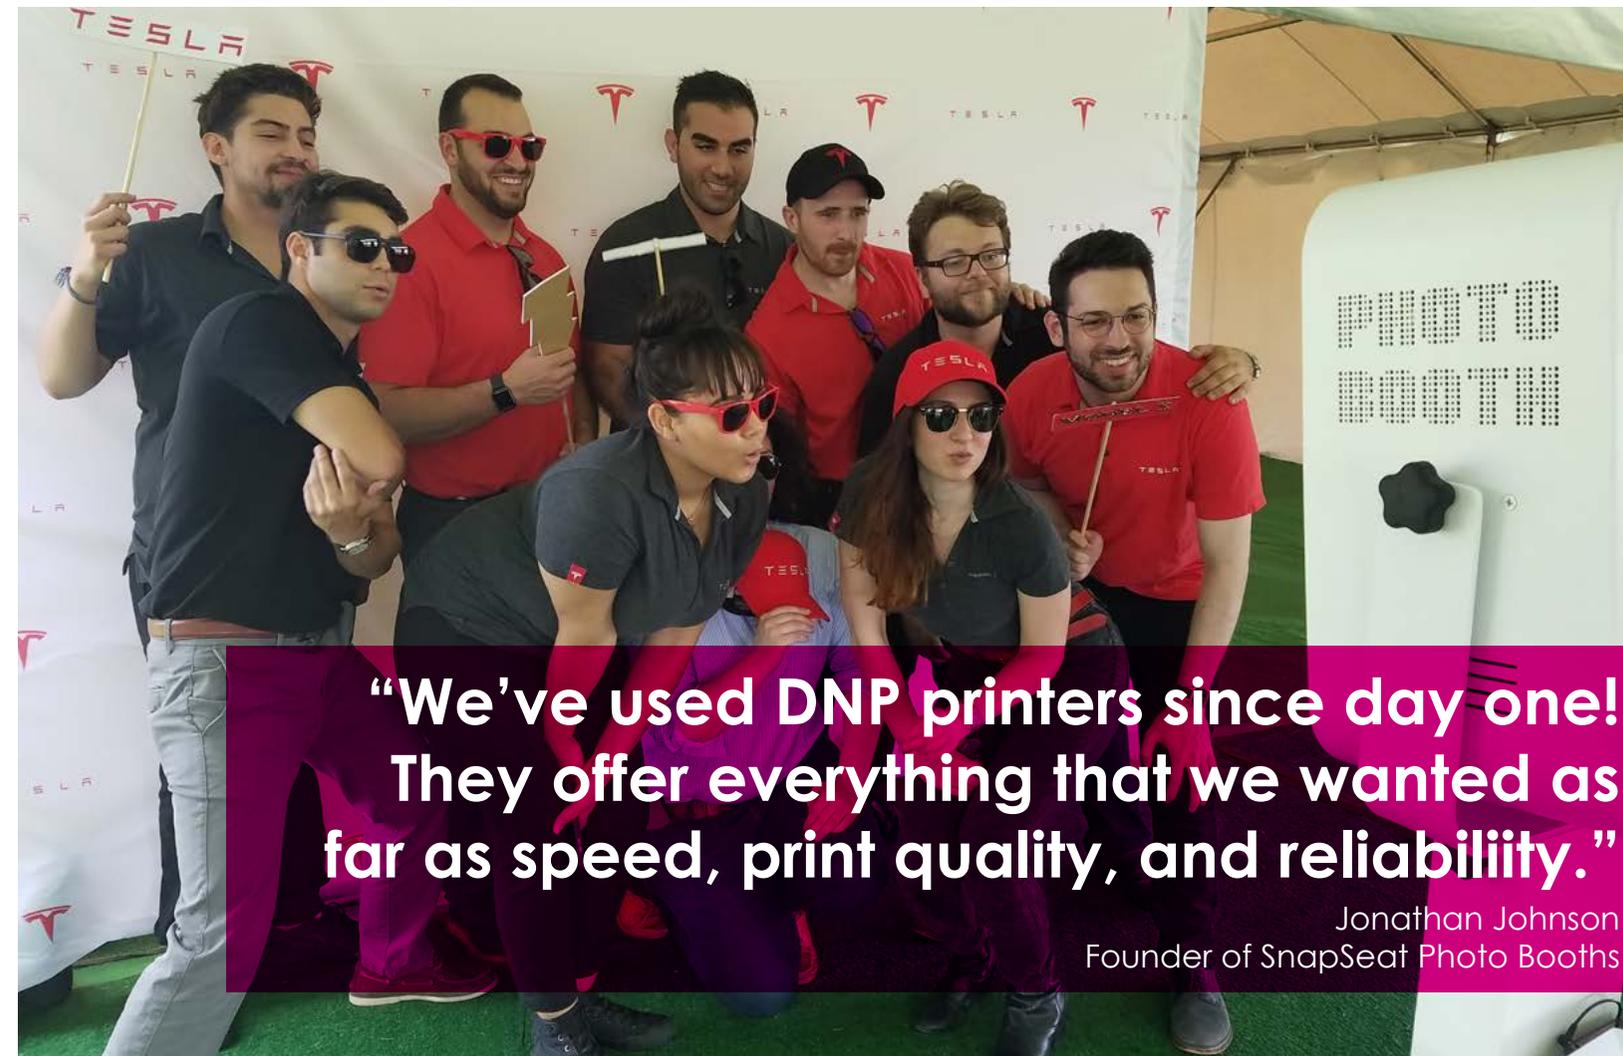

Memories Deserve Prints.
dnpphoto.com

Why DNP? Let Us Show You

Today's photo retailer and event photographer must remain competitive in an industry that has seen photography morph from craft to commodity. The move from traditional photography to digital continues-but at a controlled rate. DNP Imagingcomm America Corporation understands that retailers and event photographers have significant investments in existing photo lab equipment; we can help bridge the chasm between traditional and digital printing.

The primary goal of DNP Imagingcomm America Corporation is to help retailers and event photographers win and retain digital photo printing customers. The company's chief mission – *to make digital photography easy, convenient, and fun for consumers by providing retailers and event photographers with tools necessary to realize this goal* – has helped solidify our position as a leader in retail and event photo printing solutions.

Dye-sublimation Media

Guaranteed reliability & the best, longest-lasting image quality.

Watermark

The new DS820A and DS620A media series offers a Genuine DNP watermark on the back and glossier print surface on the front.

Multiple Formats

Multiple media sizes available; get matte, fine matte*, glossy, and luster** prints from the same media.

Extensive Printer Platforms

DNP is the leading dye-sublimation media manufacturer for one of the most extensive printer lineups in the marketplace.

High Quality

Genuine DNP media is manufactured to specifications that optimize the high performance of your DNP printer.

Unlike wet ink technologies, there is no smudging, running, or blotching because prints are dry and ready to touch as soon as they leave the printer.

* DS820A only.

DS-RX1HS™

From photo booths to on-the-spot, from great fun to friendly on your bottom line. The DS-RX1HS keeps customers smiling!

Low Investment

Energy saving and cost-effective, the DS-RX1HS makes no sacrifice on functionality or quality. The low cost of the printer makes it perfect for start-up photographers and photo booth operators.

Economic Media

The DS-RX1HS offers a low-cost approach with its economic photo consumables, while ensuring a standard printing quality. It delivers prints in 4x6", 6x8", on matte or glossy surface, in a resolution ranging from 300x300 to 300x600dpi.

High Volume

With a capacity of 700 4x6" prints, the DS-RX1HS lets you run the printer in long cycles before changing media.

Photo Booth Ready

The durable design allows the DS-RX1HS to fit easily into photo booths, an existing kiosk cabinet, or smaller retail space.

The DS-RX1HS is supported by a variety of 3rd party photo printing and photo booth applications. Contact an authorized DNP reseller for further information.

WPS™ Pro Wireless Print Server

Wireless printing from phones, tablets, PCs, MACs, and Wi-Fi-enabled cameras!

Phones & Tablets

Capture and print any photo in your camera roll directly to the WPS Pro using the free WPS Print 2 app for iPhone/iPad and Android. Quickly select your photos, then choose print size, finish and number of copies, and printing will start in seconds.

PC: Drag & Drop

Connect your PC or Mac to the WPS Pro Wi-Fi network and you can print to your DNP printers by simply dragging files onto shared hot folders in WPS Pro. Or, connect the WPS Pro to your office network router via Ethernet cable and all of the PCs and Macs on your office network can print.

DSLR Shoot-to-Print

You can create fast, flexible shoot-to-print workflows using your favorite camera with WPS Pro and 3rd party applications like CamRanger™ or CamFi™. These applications allow you to print immediately via WPS Pro, or you can review photos on your iPad before wirelessly printing groups of photos.

Flexible Workflow

The flexible workflow and hardware arrangement makes the WPS Pro simple to configure and easy to use. Built-in versatility supports up to two DNP printers and image transfer via FTP services and printer sharing. Print amazing photos from 2x6" to 8x12".

Use capture devices ranging from digital cameras, smart phones, tablets, and computers coupled with a DNP photo printer for PC-free wireless printing.

Capture device of your choice

DNP printer and WPS Pro

Gorgeous print

Great 3rd Party Application Support

Application developers are integrating WPS Pro into their solutions, creating wireless printing options for event photographers, photo booth operators and other photo professionals. From standalone iPhone and Android apps to hardware/software solutions, WPS Pro brings new capabilities that add value for your business. DNP is working to bring even more partner solutions to you.

3rd Party Applications include, but not limited to:

Wireless tether DSLR-to-tablet-to-WPS

- CamRanger (iOS/Android)
- CamFi (iOS/Android)

Mobile device event capture/printing workflow

- WiPics (Android)

Photo booth app with integrated printing

- PictureMarketing (iOS)
- WiFi Booth (iOS)
- SLR Booth (Android)

DNP Mobile Applications

Available for iPhone/iPad and Android, DNP applications let you quickly print from your mobile device as well as monitor the status of your DNP printers and WPS Pro.

Please refer to the WPS Pro Operation Manual for more complete details.

Third-party applications are available from the Apple App Store or Google Play Store. App Store is a service mark of Apple Inc. Google Play is a registered trademark of Google Inc.

Easily select images or capture a photo, then choose size and print.

See that your printer is online and check the number of prints remaining.

Download WPS Print 2 and WPS Status from Apple App Store or Google Play.

Easily see which printer is available.

View printer status and print or life count.

- The new WPS Pro includes an easy-to-read 7" touchscreen display.
- Easily monitor print jobs, printer status, and see remaining print counts.
- Use the touchscreen to make configuration changes including language, default print queues, applying borders, and more!

Compatible Printers: DS620A, DS-RX1HS, DS820A

Dimensions: 6.75" W x 2"H x 4.62" D
Weight: 14.4 oz. (0.9 lbs)

IDW500™ Passport & ID Photo Solution

**More services, more profit
from the photo ID experts!**

Designed for both domestic and foreign passport requirements.

It's simpler than ever to make a good profit! Quickly produce compliant ID photos the first time every time in just a few easy steps.

Profitable

ID photo printing is one of the most profitable services a photo business can offer. The IDW500 is specifically designed to produce passport and ID photos that comply with federal requirements; thus eliminating rejections and keeping your customers happy.

Choose from a vast selection of foreign and domestic passport and Visa output sizes.

Simple

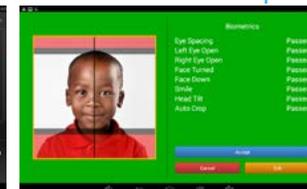

Quickly produce compliant ID photos the first time every time in just a few easy steps. No need for manual adjustment—saving you time and removing the risk of operator error.

The IDW500 software creates a gallery of the past six captured images. This allows for easy reprints or changing the template without taking another picture.

Reliable

The face alignment tool automatically adjusts face position and size so that it fits the frame properly. Produce high quality compliant ID photos from the ID printing experts!

The built-in biometric function automatically adjusts the head size and position so that it fits the sizing guide properly.

Adjust color, brightness, contrast, and more to ensure the highest quality photo.

Included Equipment

- ID Photo Printer
- IDW-SH30 Sony Camera
- Touchscreen Monitor
- FlashAir™ Card

Console Dimensions: 7"W x 2"-8"H x 5.3"D | Screen: 6.8"

ID Photo Printer Dimensions: 12.6" W x 11"H x 13.8" D

ID Print Media Size: 4x6" | Print Number (roll): 350

FlashAir™ is a trademark of TOSHIBA Corporation

DS80DX™

The most versatile dye-sublimation duplex printer on the market!

The DS80DX produces crisp colors in customized greeting cards, calendars and even photobooks.

Profitable

Increase your profitability utilizing the simplex or duplex capabilities of the DS80DX. DNP's award-winning design delivers reliability and high performance proficiency assuring you a maximum return on your investment.

Easy-to-Use

The DS80DX has an ergonomic design for easy-access front loading of media. Once the paper is loaded, you're ready to go!

Flexible

Print premium quality simplex or duplex photos. The printer is optimized to give your customers the vibrant colors they demand. Mini photobook software is included to get started right out of the box.

High Quality

Print premium professional quality photos, photo calendars, and photobooks in stunning matte or glossy finish. A powerful printer control engine designed to maximize image quality and gives your customers the vibrant, robust color spectrum they demand.
